*To General His Excellency the Right Honourable Lord Byng of Vimy, G.C.B.,  
G.C.M.G., M.V.O.; Governor General and Commander-in-Chief of the  
Dominion of Canada.*

MAY IT PLEASE YOUR EXCELLENCY :—

The undersigned has the honour to present to Your Excellency the Annual Report of the Department of Customs and Excise, containing Tables and Statements relative to the Imports, Exports, Customs and Excise of the Dominion of Canada, for the fiscal Year ended March 31, 1921, as compiled from official returns.

All of which is respectfully submitted,

J. B. M. BAXTER,  
*Minister of Customs and Excise.*

OTTAWA, October 30, 1921.

## PREFACE.

The Customs Act contains the following provisions respecting the Annual Report of the Department of Customs :—

“ 305. The Minister shall annually make to the Governor General, to be laid before Parliament within fifteen days after the meeting thereof, a report and statement of the transactions and affairs of the Department during the year then next preceding.”

The Inland Revenue Act also contains provisions respecting the Annual Report of the Inland Revenue Service as follows :—

“ 14. The Minister shall annually make to the Governor General a report and statement of the transactions and affairs of the Department during the year then next preceding, which shall be laid before Parliament within fifteen days after the next meeting thereof.”

The unrevised monthly statements of imports and exports, prepared and published under the direction of the Department of Customs from July 1, 1900, ceased to be published by this department since March, 1918.

Detailed statements, however, showing the quantity, value, and origin of imports, and the quantity, value, and destination of exports, continue to be prepared and furnished monthly by the Department of Customs from April 1, 1918, for publication by the Dominion Bureau of Statistics.

Trade Statistics classified by countries, with other details compiled from Customs returns, are now published by the Dominion Bureau of Statistics.

Part I of this annual report contains tables and statements relative to the Customs.

Part II of the report contains tables and statements relative to Excise.

## EXPLANATORY NOTES RELATING TO CUSTOMS STATEMENTS

IN GENERAL STATEMENT No. 15 (Pt. I) of GOODS ENTERED FOR HOME CONSUMPTION, the term "Entered for Home Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value of goods imported is governed by section 40 of the Customs Act, which provides that the value of imported goods subject to ad valorem duty "shall be the fair market value thereof, when sold for home consumption, in the principal markets of the country whence and at the time when the same were exported directly to Canada,"

IN GENERAL STATEMENT No. 17 (Pt. I) OF EXPORTS, the term "The Produce of Canada" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials. "Goods not the produce of Canada" shows the exports of foreign goods which had been previously imported.

Under the regulations commencing July 1, 1900, all *Export* entries are delivered at the "*frontier port of exit*," and the totals thereof are credited to the respective ports where the goods pass outwards from Canada. In view of the more complete returns obtained under this system the additions heretofore made to the exports statistics (prior to July 1, 1900) under the head of "short returns" are now omitted.

In this report, the tables of imports and exports at the several ports of entry indicate that merchandise of the value stated was *entered inwards* or *passed outwards* at the ports mentioned, but do not imply that the imports were all for consumption at such ports or that the exports originated there.

The value of "Goods the Produce of Canada" is their value at the time of exportation at the ports of Canada whence shipped.

The value of "Goods not the Produce of Canada" is the actual cost of such goods.

The initials n.o.p. means "not otherwise provided for."

The expression "ton" means two thousand pounds, and "cwt." one hundred pounds.

The figures shown in all statements for the Fiscal Year ended March 31, 1919, 1920 and 1921, are exclusive of Coin and Bullion.
